Rules Review - Cue Ball Size

Rule I.B.7. Varied cue ball sizes are allowed but all tables used for league play must maintain the same size cue ball through out the length of the scheduled season. This means that if a player goes to a bar to practice an hour before a match, (**or even the day before the match)**, the cue ball that is on that table must be the same as what they use the night of league play. If a team is replacing a cue ball to a newer one of the same size and weight the day of, that is ok as long as it is the same size and weight as the one that is there for the public to practice with all year long, every day.

Table Runs

Congratulations to Sean Williams for your table run this week.

Scoresheets

Reminder that **both team Captains**, not just one, need to take a picture of both scoresheets together and send them to me. This is to eliminate one being different or changed. Also, try to send the picture to my **email** at **RockinMs@msn.com** rather than to my phone via text. The pictures do not turn out at all when you text them to my phone. I am still getting very blurry pictures that I cannot read!!!!

Rules Review - Drink Chips

Rule 7.B.2. The loser of each game shall buy the winner a game drink from the bar. Both players should proceed to the bar for the exchange of drink/money. This is to alleviate the passing of chips. No exchanging of drink tokens! If a team has a player no show, the captain of that team or another representative is required to buy the player receiving the two wins his two game drinks. **(Just a suggestion but if a bar is having issues with chip passing then maybe don't give out drink chips on pool nights? Each bar has that option if they would like)**

Chris's USA

What is Kevin's last name?
