Table Runs

Congratulations to Scott Vos and Chris Matthews for their table runs this week.

Player Names

Please go through your sheets from the last three weeks and write out your player names in full. I don't have the last names for a few players. Also, there were a couple of rosters turned in that I can't read the players names. Check for spelling as well on the standings sheets please. When you put in

Rivalry and Art's Town Tap

I still don't have an answer from last week's standing sheets. John, John, Gordon???

Scoresheets

Please make sure that scoresheets match up prior to start time and also make sure that they match up BEFORE you actually sign off on them. It is unreal that I have to try and decipher these every week. See picture to left for example.
