Effective Immediately: No one will be allowed to shoot that is not already listed on the standings sheet that week. If you need to add someone, it must be done the **week prior** so that the player is listed on the standings sheet **before** he subs. See page 3 of the rule book under rule 1.D.4.

Please double check all names on your roster to ensure that I have not missed anyone. Also check for spelling errors and get back to me with any changes to be made. I know that there are at least a couple of errors so please let me know asap.

Scoresheet & Pictures

Remember when you take pictures of your scoresheets at the end of the night, that **each Captain** takes their **own picture** with both teams scoresheets in that picture, and email it to me at RockinMs@msn.com. Some pics are coming out blurry so please hold the phones still!!! Sheets also need to match up as far as wins, losses, 'stars', names etc. I know it's easy to take it for granted and assume that they match up. Also, please make sure that last names are on at least one teams scoresheets!!!

Standings

Please make sure that at least one person on your team is printing out the **Pool News** each week. It is important that all five guys on each team get a chance to read it and keep up to date on what is going on around the league each week!

Rail Stop - Unplayable Table

Rail Stop - You have until your next home match, November 18th, to fix your table and get it into acceptable playable condition or you will need to shoot your matches away every week until it gets fixed. If you need assistance making this happen, please contact an officer asap to discuss.
