## Rosters

Rosters are now final. **You will no longer be able to add or change any more players, even if it is a week ahead of time.** Any player listed on a score sheet that is not on your roster will forfeit all three games. **Team Captains**, it is ultimately **your** responsibility to monitor this to ensure that it is not happening!!

## Table Runs

Congratulations to Jordan Dao on your table run this week!

## Rule Clarification

**Rule 3.10. DEFLECTING THE CUE BALL ON THE GAMES OPENING BREAK.** On the break shot, stopping or deflecting the cue ball after it has crossed the head string and prior to hitting the racked balls is considered a foul and loss of turn. The opponent has the option of receiving the ball in hand behind the head string and breaking the balls. **Rule 3.54. 8-BALL POCKETED ON THE BREAK.** Eight (8) Ball pocketed on the break is an automatic win, unless the cue ball is also pocketed or leaves the table. In this case breaker loses.

This means that **all eight ball breaks, second chance eight ball breaks, and table runs do count** when a player "Re-Breaks" after he miscues on the break and the cue does not hit the rack nor does he interfere with the cue at all, or when his opponent deflects the cue ball on his break shot miscue, prior to it hitting the rack, and then he wins the break shot. If this is still confusing, contact me and I will try and explain it better to you.

## Tables

**Lucky Mojo's** - Table has been fixed / repaired. All matches, home and away, will continue as scheduled. Thank you for your prompt cooperation in bringing your table up to league standards.

**John's Main Event** - Table needs to be repaired prior to next home match or matches will continue to be relocated. **Jim or Kyle**, please contact President for specific repair requirements as well as when table is fixed so that he can approve repairs prior to next home match.
