## From The Desk Of The

(Rule Reminder)

### Rule 3.55. SAFE AND DEFENSIVE SHOTS.

- (a) The use of Safety shots is not allowed. **(Loss of game)**
- (b) Deliberate scratch shots R not allowed **(Loss of game)**
- (c) The deliberate using of your opponents ball, whether making it, using it to make your own, or just moving it to gain position is not allowed. **(Loss of game)**

## Table Runs

Congratulations to Kevin Frey, Frenchy, Tony Hana, and Josh Meinen on your table runs this week and to Randy Grisham on your eight ball break this week.

## Sportsman of the Year

It's time to start putting some thought into your selections for Sportsman of the Year. I will let you know when it is time to vote, but if you start thinking about this now you can include influence from the whole year versus just the last couple of weeks.

## Scoresheets

Some of the scoresheet pictures are hard to read. With markers being used, or sloppy writing (not due to too much alcohol of course), some W's look like L's, and vice versa. Please continue using a 1 for a win and a 0 for a loss. If there is a table run or eight ball break, either circle the 1 and notate which it is, or just write in the slot TR or 8 ball, or put a ★ in the slot and write TR or 8 next to it.

## Un-level Tables

Even after we inspected all of the tables, there are still issues every week with a couple of the bars tables. If you are one of the bars that moves your table for weekend entertainment or other reasons, you need to ensure that it is level prior to start time on pool night! **You take the risk of moving your match to your opponents bar last minute if you cannot get it level in time for your match to be played.**
